**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. April 13, 1992.

2. Mrs Sullivan - Resolution - That, in the opinion of this House, since Bills 74, 108, 109 and 110 are complex, inter-related pieces of legislation, whose principles are broadly supported and since representatives of health care professionals and practitioners, consumer organizations and agencies, and advocacy groups have advanced reasoned, serious and objective criticisms of these Bills, and put forward proposals for their improvement and practicable implementation and since this government has put forward no proposals for amendments to the Bills in a public forum and provided no commitments regarding consultation on review of any amendments; the Government should:
 - 1) withdraw these Bills from active legislative consideration and that they only be considered as draft Bills;
 - 2) that the Bills be reprinted with the government's proposed amendments;
 - 3) that the redrafted Bills be circulated for public analysis and comment during the spring, 1992 session of this House;
 - 4) that a renewed period of public hearings on the redrafted Bills be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession;
 - 5) that clause by clause consideration of the redrafted Bills also be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession; and
 - 6) that the Bills proceed to Committee of the Whole House in the autumn, 1992 session. April 13, 1992.

5. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. April 21, 1992.

13. Mr Bradley - Resolution - That, in the opinion of this House, since General Motors announced its intention on February 24 of this year to close its St. Catharines Foundry eliminating over 2,000 employment positions in addition to 750 women and men who were to be laid off indefinitely as of March 1 and over 100 people who will lose their jobs as a result of the decision to discontinue the 3.1 litre V-6 engine; and

Since the St. Catharines General Motors Foundry is a cost competitive, world class, high quality operation with a highly skilled and motivated work force; and

Since the loss of these jobs will mean the loss of \$130 million in wages and salaries to the economy of the Niagara Region and the Province of Ontario; and

Since the implications for businesses and industries that service and supply the auto sector are extremely negative and serious; and

Since whenever a production line and a significant part of a plant shuts down, the fixed cost of maintaining the rest of the operation increases and the quality of components from elsewhere cannot be guaranteed;

The Legislative Assembly of Ontario should urge General Motors to continue the operation of its Foundry in St. Catharines. June 9, 1992.

14. Mr Tilson - Resolution - That, in the opinion of this House, recognizing that Bill 143 limits waste disposal options for Greater Toronto Area (GTA) municipalities, and the residents of Town of Caledon, in the Regional Municipality of Peel, have been unfairly burdened with fifteen potential sites, many on prime agricultural land, and given willing host communities outside the GTA cannot have any sites considered during the environmental assessment process, and given the town of Kirkland Lake recently conducted a municipal referendum which voted 69% in favour of an environmental assessment on the former Adams Mine as a possible site for GTA garbage, the government should immediately repeal Bill 143 and institute a process which guarantees all citizens of Ontario a full environmental assessment and consideration of all options for GTA waste disposal. June 15, 1992.

15. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that,

- the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and

- the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and

- the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. June 15, 1992.

16. Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice. June 17, 1992.
 17. Mr Carr - Resolution - That, in the opinion of this House, since the government intends to legalize casinos and is considering other forms of gambling in the province, and since studies have been done which indicate that where casinos are found, they are inseparable from organized criminal activities, and since most forms of gambling end up being a tax on those least able to pay and gambling produces in many people a terrible addiction, the Government of Ontario should cut expenditures rather than attempt to increase revenues through expanded lotteries and further, they should stop looking to casinos and other forms of gambling as a "quick-fix" solution to pay down the deficit and reverse their decision to proceed with legislation to legalize casinos and other forms of gambling. June 25, 1992.

What monitoring policy does the ODC have concerning its investments in, or loan guarantees to, all businesses; 4. Why did the ODC and Price Waterhouse ignore one author's written request to Price Waterhouse that the rights to his books not be sold as part of the Summerhill package. (As a result, this author has been unable to publish subsequent editions of his book and has lost a substantial amount of income); 9. Why is the author who is owed the largest amount of money in outstanding royalties being asked to "settle" his claim - i.e. to reach a compromise on the amount owed to him - when the ODC has not disputed other authors' claims put forth by the Writers' Union of Canada; 10. What has been the cost to the ODC and the Government of Ontario of the decision to sell Summerhill Press as a going concern rather than place the company in receivership; 11. What initiatives have been undertaken to prevent this type of activity (i.e. selling assets without properly auditing assets and liabilities, or investigating the consequences) from happening in the future. More specifically, in the case of failing publishers, how will authors be protected. June 29, 1992.

**PRIVATE MEMBERS' NOTICES
OF MOTIONS**

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. April 13, 1992.

2. Mrs Sullivan - Resolution - That, in the opinion of this House, since Bills 74, 108, 109 and 110 are complex, inter-related pieces of legislation, whose principles are broadly supported and since representatives of health care professionals and practitioners, consumer organizations and agencies, and advocacy groups have advanced reasoned, serious and objective criticisms of these Bills, and put forward proposals for their improvement and practicable implementation and since this government has put forward no proposals for amendments to the Bills in a public forum and provided no commitments regarding consultation on review of any amendments; the Government should:
 - 1) withdraw these Bills from active legislative consideration and that they only be considered as draft Bills;
 - 2) that the Bills be reprinted with the government's proposed amendments;
 - 3) that the redrafted Bills be circulated for public analysis and comment during the spring, 1992 session of this House;
 - 4) that a renewed period of public hearings on the redrafted Bills be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession;
 - 5) that clause by clause consideration of the redrafted Bills also be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession; and
 - 6) that the Bills proceed to Committee of the Whole House in the autumn, 1992 session. April 13, 1992.

5. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. April 21, 1992.

13. Mr Bradley - Resolution - That, in the opinion of this House, since General Motors announced its intention on February 24 of this year to close its St. Catharines Foundry eliminating over 2,000 employment positions in addition to 750 women and men who were to be laid off indefinitely as of March 1 and over 100 people who will lose their jobs as a result of the decision to discontinue the 3.1 litre V-6 engine; and

Since the St. Catharines General Motors Foundry is a cost competitive, world class, high quality operation with a highly skilled and motivated work force; and

Since the loss of these jobs will mean the loss of \$130 million in wages and salaries to the economy of the Niagara Region and the Province of Ontario; and

Since the implications for businesses and industries that service and supply the auto sector are extremely negative and serious; and

Since whenever a production line and a significant part of a plant shuts down, the fixed cost of maintaining the rest of the operation increases and the quality of components from elsewhere cannot be guaranteed;

The Legislative Assembly of Ontario should urge General Motors to continue the operation of its Foundry in St. Catharines. June 9, 1992.

14. Mr Tilson - Resolution - That, in the opinion of this House, recognizing that Bill 143 limits waste disposal options for Greater Toronto Area (GTA) municipalities, and the residents of Town of Caledon, in the Regional Municipality of Peel, have been unfairly burdened with fifteen potential sites, many on prime agricultural land, and given willing host communities outside the GTA cannot have any sites considered during the environmental assessment process, and given the town of Kirkland Lake recently conducted a municipal referendum which voted 69% in favour of an environmental assessment on the former Adams Mine as a possible site for GTA garbage, the government should immediately repeal Bill 143 and institute a process which guarantees all citizens of Ontario a full environmental assessment and consideration of all options for GTA waste disposal. June 15, 1992.

15. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that,

- the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and

- the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and

- the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. June 15, 1992.

16. Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice. June 17, 1992.
17. Mr Carr - Resolution - That, in the opinion of this House, since the government intends to legalize casinos and is considering other forms of gambling in the province, and since studies have been done which indicate that where casinos are found, they are inseparable from organized criminal activities, and since most forms of gambling end up being a tax on those least able to pay and gambling produces in many people a terrible addiction, the Government of Ontario should cut expenditures rather than attempt to increase revenues through expanded lotteries and further, they should stop looking to casinos and other forms of gambling as a "quick-fix" solution to pay down the deficit and reverse their decision to proceed with legislation to legalize casinos and other forms of gambling. June 25, 1992.
18. Mr Harris - Resolution - That, in the opinion of this House, recognizing that the national flag of Canada represents values that unite all Canadians; and acknowledging the fact that Canadians deplore any desecration of the national flag of Canada, and that the desecration of the provincial flag is equally repugnant; the Legislative Assembly of Ontario should support Bill C-227 (an Act of the Parliament of Canada to amend the criminal code, making it a criminal offence to physically desecrate the national flag of Canada); and, that the Assembly should seek to have this Act amended to include the Ontario flag as well. June 29, 1992.

402. Mr Runciman - Enquiry of the Ministry - Would the Solicitor General indicate if the Ministry intends to introduce the following amendments to the Fire Departments Act and if not, why not: 1) The civil liability of participants in Ontario's fire service; 2) The scope of the fire fighter bargaining units; 3) Funding for fire service. June 29, 1992.
403. Mrs Marland - Enquiry of the Ministry - Would the Minister of Industry, Trade and Technology provide the answers to the following questions which arise out of the substantial loss of \$400,000 by the ODC in loan guarantees to Summerhill Press: 1. What guarantees or securities were provided by Summerhill principals that would justify a loan guarantee of this amount by the ODC; 2. What activities were undertaken by the ODC to monitor their investment (loan guarantee) with this publisher; 3. What monitoring policy does the ODC have concerning its investments in, or loan guarantees to, all businesses; 4. How does the ODC ensure that the companies it supports will utilize the funding provided to them in an ethical and professional manner. (In the case of Summerhill, for example, rights to certain books were sold unbeknownst to the authors.) 5. What amount of money was received from the sale of the Summerhill assets to Breakwater/Gilpen. Following the demise of Summerhill, were any other monies recovered by the ODC from any sources (loan guarantees by principals, etc.) to offset the \$400,000 loss; 6. On what basis did the ODC feel at liberty to sell Summerhill Press as a going concern without the benefit of an audit of both assets and liabilities; 7. Why was Price Waterhouse retained to sell Summerhill Press instead of this activity being handled directly by the ODC. What was the fee charged by Price Waterhouse for this undertaking; 8. Why did the ODC and Price Waterhouse ignore one author's written request to Price Waterhouse that the rights to his books not be sold as part of the Summerhill package. (As a result, this author has been unable to publish subsequent editions of his book and has lost a substantial amount of income); 9. Why is the author who is owed the largest amount of money in outstanding royalties being asked to "settle" his claim - i.e. to reach a compromise on the amount owed to him - when the ODC has not disputed other authors' claims put forth by the Writers' Union of Canada; 10. What has been the cost to the ODC and the Government of Ontario of the decision to sell Summerhill Press as a going concern rather than place the company in receivership; 11. What initiatives have been undertaken to prevent this type of activity (i.e. selling assets without properly auditing assets and liabilities, or investigating the consequences) from happening in the future. More specifically, in the case of failing publishers, how will authors be protected. June 29, 1992.

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. April 13, 1992.

2. Mrs Sullivan - Resolution - That, in the opinion of this House, since Bills 74, 108, 109 and 110 are complex, inter-related pieces of legislation, whose principles are broadly supported and since representatives of health care professionals and practitioners, consumer organizations and agencies, and advocacy groups have advanced reasoned, serious and objective criticisms of these Bills, and put forward proposals for their improvement and practicable implementation and since this government has put forward no proposals for amendments to the Bills in a public forum and provided no commitments regarding consultation on review of any amendments; the Government should:
 - 1) withdraw these Bills from active legislative consideration and that they only be considered as draft Bills;
 - 2) that the Bills be reprinted with the government's proposed amendments;
 - 3) that the redrafted Bills be circulated for public analysis and comment during the spring, 1992 session of this House;
 - 4) that a renewed period of public hearings on the redrafted Bills be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession;
 - 5) that clause by clause consideration of the redrafted Bills also be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession; and
 - 6) that the Bills proceed to Committee of the Whole House in the autumn, 1992 session. April 13, 1992.

5. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. April 21, 1992.

13. Mr Bradley - Resolution - That, in the opinion of this House, since General Motors announced its intention on February 24 of this year to close its St. Catharines Foundry eliminating over 2,000 employment positions in addition to 750 women and men who were to be laid off indefinitely as of March 1 and over 100 people who will lose their jobs as a result of the decision to discontinue the 3.1 litre V-6 engine; and

Since the St. Catharines General Motors Foundry is a cost competitive, world class, high quality operation with a highly skilled and motivated work force; and

Since the loss of these jobs will mean the loss of \$130 million in wages and salaries to the economy of the Niagara Region and the Province of Ontario; and

Since the implications for businesses and industries that service and supply the auto sector are extremely negative and serious; and

Since whenever a production line and a significant part of a plant shuts down, the fixed cost of maintaining the rest of the operation increases and the quality of components from elsewhere cannot be guaranteed;

The Legislative Assembly of Ontario should urge General Motors to continue the operation of its Foundry in St. Catharines. June 9, 1992.

14. Mr Tilson - Resolution - That, in the opinion of this House, recognizing that Bill 143 limits waste disposal options for Greater Toronto Area (GTA) municipalities, and the residents of Town of Caledon, in the Regional Municipality of Peel, have been unfairly burdened with fifteen potential sites, many on prime agricultural land, and given willing host communities outside the GTA cannot have any sites considered during the environmental assessment process, and given the town of Kirkland Lake recently conducted a municipal referendum which voted 69% in favour of an environmental assessment on the former Adams Mine as a possible site for GTA garbage, the government should immediately repeal Bill 143 and institute a process which guarantees all citizens of Ontario a full environmental assessment and consideration of all options for GTA waste disposal. June 15, 1992.

15. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that,

- the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and

- the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and

- the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. June 15, 1992.

16. Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice. June 17, 1992.
 17. Mr Carr - Resolution - That, in the opinion of this House, since the government intends to legalize casinos and is considering other forms of gambling in the province, and since studies have been done which indicate that where casinos are found, they are inseparable from organized criminal activities, and since most forms of gambling end up being a tax on those least able to pay and gambling produces in many people a terrible addiction, the Government of Ontario should cut expenditures rather than attempt to increase revenues through expanded lotteries and further, they should stop looking to casinos and other forms of gambling as a "quick-fix" solution to pay down the deficit and reverse their decision to proceed with legislation to legalize casinos and other forms of gambling. June 25, 1992.
 18. Mr Harris - Resolution - That, in the opinion of this House, recognizing that the national flag of Canada represents values that unite all Canadians; and acknowledging the fact that Canadians deplore any desecration of the national flag of Canada, and that the desecration of the provincial flag is equally repugnant; the Legislative Assembly of Ontario should support Bill C-227 (an Act of the Parliament of Canada to amend the criminal code, making it a criminal offence to physically desecrate the national flag of Canada); and, that the Assembly should seek to have this Act amended to include the Ontario flag as well. June 29, 1992.

What guarantees or securities were provided by Summerhill principals that would justify a loan guarantee of this amount by the ODC; 2. What activities were undertaken by the ODC to monitor their investment (loan guarantee) with this publisher; 3. What monitoring policy does the ODC have concerning its investments in, or loan guarantees to, all businesses; 4. How does the ODC ensure that the companies it supports will utilize the funding provided to them in an ethical and professional manner. (In the case of Summerhill, for example, rights to certain books were sold unbeknownst to the authors.) 5. What amount of money was received from the sale of the Summerhill assets to Breakwater/Gilpen. Following the demise of Summerhill, were any other monies recovered by the ODC from any sources (loan guarantees by principals, etc.) to offset the \$400,000 loss; 6. Why was Price Waterhouse retained to sell Summerhill Press instead of this activity being handled directly by the ODC. What was the fee charged by Price Waterhouse for this undertaking; 8. Why did the ODC and Price Waterhouse ignore one author's

written request to Price Waterhouse that the rights to his books not be sold as part of the Summerhill package. (As a result, this author has been unable to publish subsequent editions of his book and has lost a substantial amount of income); 9. Why is the author who is owed the largest amount of money in outstanding royalties being asked to "settle" his claim - i.e. to reach a compromise on the amount owed to him - when the ODC has not disputed other authors' claims put forth by the Writers' Union of Canada; 10. What has been the cost to the ODC and the Government of Ontario of the decision to sell Summerhill Press as a going concern rather than place the company in receivership; 11. What initiatives have been undertaken to prevent this type of activity (i.e. selling assets without properly auditing assets and liabilities, or investigating the consequences) from happening in the future. More specifically, in the case of failing publishers, how will authors be protected. June 29, 1992.

PRIVATE MEMBERS' NOTICES OF MOTIONS

AVIS DE MOTIONS DES DÉPUTÉS

1. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. April 13, 1992.

2. Mrs Sullivan - Resolution - That, in the opinion of this House, since Bills 74, 108, 109 and 110 are complex, inter-related pieces of legislation, whose principles are broadly supported and since representatives of health care professionals and practitioners, consumer organizations and agencies, and advocacy groups have advanced reasoned, serious and objective criticisms of these Bills, and put forward proposals for their improvement and practicable implementation and since this government has put forward no proposals for amendments to the Bills in a public forum and provided no commitments regarding consultation on review of any amendments; the Government should:
 - 1) withdraw these Bills from active legislative consideration and that they only be considered as draft Bills;
 - 2) that the Bills be reprinted with the government's proposed amendments;
 - 3) that the redrafted Bills be circulated for public analysis and comment during the spring, 1992 session of this House;
 - 4) that a renewed period of public hearings on the redrafted Bills be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession;
 - 5) that clause by clause consideration of the redrafted Bills also be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession; and
 - 6) that the Bills proceed to Committee of the Whole House in the autumn, 1992 session. April 13, 1992.

5. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. April 21, 1992.

13. Mr Bradley - Resolution - That, in the opinion of this House, since General Motors announced its intention on February 24 of this year to close its St. Catharines Foundry eliminating over 2,000 employment positions in addition to 750 women and men who were to be laid off indefinitely as of March 1 and over 100 people who will lose their jobs as a result of the decision to discontinue the 3.1 litre V-6 engine; and

Since the St. Catharines General Motors Foundry is a cost competitive, world class, high quality operation with a highly skilled and motivated work force; and

Since the loss of these jobs will mean the loss of \$130 million in wages and salaries to the economy of the Niagara Region and the Province of Ontario; and

Since the implications for businesses and industries that service and supply the auto sector are extremely negative and serious; and

Since whenever a production line and a significant part of a plant shuts down, the fixed cost of maintaining the rest of the operation increases and the quality of components from elsewhere cannot be guaranteed;

The Legislative Assembly of Ontario should urge General Motors to continue the operation of its Foundry in St. Catharines. June 9, 1992.

14. Mr Tilson - Resolution - That, in the opinion of this House, recognizing that Bill 143 limits waste disposal options for Greater Toronto Area (GTA) municipalities, and the residents of Town of Caledon, in the Regional Municipality of Peel, have been unfairly burdened with fifteen potential sites, many on prime agricultural land, and given willing host communities outside the GTA cannot have any sites considered during the environmental assessment process, and given the town of Kirkland Lake recently conducted a municipal referendum which voted 69% in favour of an environmental assessment on the former Adams Mine as a possible site for GTA garbage, the government should immediately repeal Bill 143 and institute a process which guarantees all citizens of Ontario a full environmental assessment and consideration of all options for GTA waste disposal. June 15, 1992.

15. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that,

- the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and

- the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and

- the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. June 15, 1992.

16. Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice. June 17, 1992.
17. Mr Carr - Resolution - That, in the opinion of this House, since the government intends to legalize casinos and is considering other forms of gambling in the province, and since studies have been done which indicate that where casinos are found, they are inseparable from organized criminal activities, and since most forms of gambling end up being a tax on those least able to pay and gambling produces in many people a terrible addiction, the Government of Ontario should cut expenditures rather than attempt to increase revenues through expanded lotteries and further, they should stop looking to casinos and other forms of gambling as a "quick-fix" solution to pay down the deficit and reverse their decision to proceed with legislation to legalize casinos and other forms of gambling. June 25, 1992.
18. Mr Harris - Resolution - That, in the opinion of this House, recognizing that the national flag of Canada represents values that unite all Canadians; and acknowledging the fact that Canadians deplore any desecration of the national flag of Canada, and that the desecration of the provincial flag is equally repugnant; the Legislative Assembly of Ontario should support Bill C-227 (an Act of the Parliament of Canada to amend the criminal code, making it a criminal offence to physically desecrate the national flag of Canada); and, that the Assembly should seek to have this Act amended to include the Ontario flag as well. June 29, 1992.

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. April 13, 1992.

2. Mrs Sullivan - Resolution - That, in the opinion of this House, since Bills 74, 108, 109 and 110 are complex, inter-related pieces of legislation, whose principles are broadly supported and since representatives of health care professionals and practitioners, consumer organizations and agencies, and advocacy groups have advanced reasoned, serious and objective criticisms of these Bills, and put forward proposals for their improvement and practicable implementation and since this government has put forward no proposals for amendments to the Bills in a public forum and provided no commitments regarding consultation on review of any amendments; the Government should:
 - 1) withdraw these Bills from active legislative consideration and that they only be considered as draft Bills;
 - 2) that the Bills be reprinted with the government's proposed amendments;
 - 3) that the redrafted Bills be circulated for public analysis and comment during the spring, 1992 session of this House;
 - 4) that a renewed period of public hearings on the redrafted Bills be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession;
 - 5) that clause by clause consideration of the redrafted Bills also be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession; and
 - 6) that the Bills proceed to Committee of the Whole House in the autumn, 1992 session. April 13, 1992.

5. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. April 21, 1992.

13. Mr Bradley - Resolution - That, in the opinion of this House, since General Motors announced its intention on February 24 of this year to close its St. Catharines Foundry eliminating over 2,000 employment positions in addition to 750 women and men who were to be laid off indefinitely as of March 1 and over 100 people who will lose their jobs as a result of the decision to discontinue the 3.1 litre V-6 engine; and

Since the St. Catharines General Motors Foundry is a cost competitive, world class, high quality operation with a highly skilled and motivated work force; and

Since the loss of these jobs will mean the loss of \$130 million in wages and salaries to the economy of the Niagara Region and the Province of Ontario; and

Since the implications for businesses and industries that service and supply the auto sector are extremely negative and serious; and

Since whenever a production line and a significant part of a plant shuts down, the fixed cost of maintaining the rest of the operation increases and the quality of components from elsewhere cannot be guaranteed;

The Legislative Assembly of Ontario should urge General Motors to continue the operation of its Foundry in St. Catharines. June 9, 1992.

14. Mr Tilson - Resolution - That, in the opinion of this House, recognizing that Bill 143 limits waste disposal options for Greater Toronto Area (GTA) municipalities, and the residents of Town of Caledon, in the Regional Municipality of Peel, have been unfairly burdened with fifteen potential sites, many on prime agricultural land, and given willing host communities outside the GTA cannot have any sites considered during the environmental assessment process, and given the town of Kirkland Lake recently conducted a municipal referendum which voted 69% in favour of an environmental assessment on the former Adams Mine as a possible site for GTA garbage, the government should immediately repeal Bill 143 and institute a process which guarantees all citizens of Ontario a full environmental assessment and consideration of all options for GTA waste disposal. June 15, 1992.

15. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that,

- the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and

- the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and

- the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. June 15, 1992.

16. Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice. June 17, 1992.
 17. Mr Carr - Resolution - That, in the opinion of this House, since the government intends to legalize casinos and is considering other forms of gambling in the province, and since studies have been done which indicate that where casinos are found, they are inseparable from organized criminal activities, and since most forms of gambling end up being a tax on those least able to pay and gambling produces in many people a terrible addiction, the Government of Ontario should cut expenditures rather than attempt to increase revenues through expanded lotteries and further, they should stop looking to casinos and other forms of gambling as a "quick-fix" solution to pay down the deficit and reverse their decision to proceed with legislation to legalize casinos and other forms of gambling. June 25, 1992.
 18. Mr Harris - Resolution - That, in the opinion of this House, recognizing that the national flag of Canada represents values that unite all Canadians; and acknowledging the fact that Canadians deplore any desecration of the national flag of Canada, and that the desecration of the provincial flag is equally repugnant; the Legislative Assembly of Ontario should support Bill C-227 (an Act of the Parliament of Canada to amend the criminal code, making it a criminal offence to physically desecrate the national flag of Canada); and, that the Assembly should seek to have this Act amended to include the Ontario flag as well. June 29, 1992.

**PRIVATE MEMBERS' NOTICES
OF MOTIONS**

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. April 13, 1992.

2. Mrs Sullivan - Resolution - That, in the opinion of this House, since Bills 74, 108, 109 and 110 are complex, inter-related pieces of legislation, whose principles are broadly supported and since representatives of health care professionals and practitioners, consumer organizations and agencies, and advocacy groups have advanced reasoned, serious and objective criticisms of these Bills, and put forward proposals for their improvement and practicable implementation and since this government has put forward no proposals for amendments to the Bills in a public forum and provided no commitments regarding consultation on review of any amendments; the Government should:
 - 1) withdraw these Bills from active legislative consideration and that they only be considered as draft Bills;
 - 2) that the Bills be reprinted with the government's proposed amendments;
 - 3) that the redrafted Bills be circulated for public analysis and comment during the spring, 1992 session of this House;
 - 4) that a renewed period of public hearings on the redrafted Bills be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession;
 - 5) that clause by clause consideration of the redrafted Bills also be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession; and
 - 6) that the Bills proceed to Committee of the Whole House in the autumn, 1992 session. April 13, 1992.

5. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. April 21, 1992.

13. Mr Bradley - Resolution - That, in the opinion of this House, since General Motors announced its intention on February 24 of this year to close its St. Catharines Foundry eliminating over 2,000 employment positions in addition to 750 women and men who were to be laid off indefinitely as of March 1 and over 100 people who will lose their jobs as a result of the decision to discontinue the 3.1 litre V-6 engine; and

Since the St. Catharines General Motors Foundry is a cost competitive, world class, high quality operation with a highly skilled and motivated work force; and

Since the loss of these jobs will mean the loss of \$130 million in wages and salaries to the economy of the Niagara Region and the Province of Ontario; and

Since the implications for businesses and industries that service and supply the auto sector are extremely negative and serious; and

Since whenever a production line and a significant part of a plant shuts down, the fixed cost of maintaining the rest of the operation increases and the quality of components from elsewhere cannot be guaranteed;

The Legislative Assembly of Ontario should urge General Motors to continue the operation of its Foundry in St. Catharines. June 9, 1992.

14. Mr Tilson - Resolution - That, in the opinion of this House, recognizing that Bill 143 limits waste disposal options for Greater Toronto Area (GTA) municipalities, and the residents of Town of Caledon, in the Regional Municipality of Peel, have been unfairly burdened with fifteen potential sites, many on prime agricultural land, and given willing host communities outside the GTA cannot have any sites considered during the environmental assessment process, and given the town of Kirkland Lake recently conducted a municipal referendum which voted 69% in favour of an environmental assessment on the former Adams Mine as a possible site for GTA garbage, the government should immediately repeal Bill 143 and institute a process which guarantees all citizens of Ontario a full environmental assessment and consideration of all options for GTA waste disposal. June 15, 1992.

15. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that,

- the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and

- the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and

- the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. June 15, 1992.

16. Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice. June 17, 1992.
 17. Mr Carr - Resolution - That, in the opinion of this House, since the government intends to legalize casinos and is considering other forms of gambling in the province, and since studies have been done which indicate that where casinos are found, they are inseparable from organized criminal activities, and since most forms of gambling end up being a tax on those least able to pay and gambling produces in many people a terrible addiction, the Government of Ontario should cut expenditures rather than attempt to increase revenues through expanded lotteries and further, they should stop looking to casinos and other forms of gambling as a "quick-fix" solution to pay down the deficit and reverse their decision to proceed with legislation to legalize casinos and other forms of gambling. June 25, 1992.
 18. Mr Harris - Resolution - That, in the opinion of this House, recognizing that the national flag of Canada represents values that unite all Canadians; and acknowledging the fact that Canadians deplore any desecration of the national flag of Canada, and that the desecration of the provincial flag is equally repugnant; the Legislative Assembly of Ontario should support Bill C-227 (an Act of the Parliament of Canada to amend the criminal code, making it a criminal offence to physically desecrate the national flag of Canada); and, that the Assembly should seek to have this Act amended to include the Ontario flag as well. June 29, 1992.

Ballot Item Number 17 - To be debated today.

Mr Bradley - Resolution - That, in the opinion of this House, since General Motors announced its intention on February 24 of this year to close its St. Catharines Foundry eliminating over 2,000 employment positions in addition to 750 women and men who were to be laid off indefinitely as of March 1 and over 100 people who will lose their jobs as a result of the decision to discontinue the 3.1 litre V-6 engine; and

Since the St. Catharines General Motors Foundry is a cost competitive, world class, high quality operation with a highly skilled and motivated work force; and

Since the loss of these jobs will mean the loss of \$130 million in wages and salaries to the economy of the Niagara Region and the Province of Ontario; and

Since the implications for businesses and industries that service and supply the auto sector are extremely negative and serious; and

Since whenever a production line and a significant part of a plant shuts down, the fixed cost of maintaining the rest of the operation increases and the quality of components from elsewhere cannot be guaranteed;

The Legislative Assembly of Ontario should urge General Motors to continue the operation of its Foundry in St. Catharines.

Ballot Item Number 18 - To be debated today.

**PRIVATE MEMBERS' NOTICES
OF MOTIONS**

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. April 13, 1992.

2. Mrs Sullivan - Resolution - That, in the opinion of this House, since Bills 74, 108, 109 and 110 are complex, inter-related pieces of legislation, whose principles are broadly supported and since representatives of health care professionals and practitioners, consumer organizations and agencies, and advocacy groups have advanced reasoned, serious and objective criticisms of these Bills, and put forward proposals for their improvement and practicable implementation and since this government has put forward no proposals for amendments to the Bills in a public forum and provided no commitments regarding consultation on review of any amendments; the Government should:
 - 1) withdraw these Bills from active legislative consideration and that they only be considered as draft Bills;
 - 2) that the Bills be reprinted with the government's proposed amendments;
 - 3) that the redrafted Bills be circulated for public analysis and comment during the spring, 1992 session of this House;
 - 4) that a renewed period of public hearings on the redrafted Bills be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession;
 - 5) that clause by clause consideration of the redrafted Bills also be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession; and
 - 6) that the Bills proceed to Committee of the Whole House in the autumn, 1992 session. April 13, 1992.

5. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. April 21, 1992.

13. Debated July 9, 1992.
14. Mr Tilson - Resolution - That, in the opinion of this House, recognizing that Bill 143 limits waste disposal options for Greater Toronto Area (GTA) municipalities, and the residents of Town of Caledon, in the Regional Municipality of Peel, have been unfairly burdened with fifteen potential sites, many on prime agricultural land, and given willing host communities outside the GTA cannot have any sites considered during the environmental assessment process, and given the town of Kirkland Lake recently conducted a municipal referendum which voted 69% in favour of an environmental assessment on the former Adams Mine as a possible site for GTA garbage, the government should immediately repeal Bill 143 and institute a process which guarantees all citizens of Ontario a full environmental assessment and consideration of all options for GTA waste disposal. June 15, 1992.
15. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that,
 - the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and
 - the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and
 - the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. June 15, 1992.
16. Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice. June 17, 1992.

17. Mr Carr - Resolution - That, in the opinion of this House, since the government intends to legalize casinos and is considering other forms of gambling in the province, and since studies have been done which indicate that where casinos are found, they are inseparable from organized criminal activities, and since most forms of gambling end up being a tax on those least able to pay and gambling produces in many people a terrible addiction, the Government of Ontario should cut expenditures rather than attempt to increase revenues through expanded lotteries and further, they should stop looking to casinos and other forms of gambling as a "quick-fix" solution to pay down the deficit and reverse their decision to proceed with legislation to legalize casinos and other forms of gambling. June 25, 1992.
 18. Mr Harris - Resolution - That, in the opinion of this House, recognizing that the national flag of Canada represents values that unite all Canadians; and acknowledging the fact that Canadians deplore any desecration of the national flag of Canada, and that the desecration of the provincial flag is equally repugnant; the Legislative Assembly of Ontario should support Bill C-227 (an Act of the Parliament of Canada to amend the criminal code, making it a criminal offence to physically desecrate the national flag of Canada); and, that the Assembly should seek to have this Act amended to include the Ontario flag as well. June 29, 1992.

403. Mrs Marland - Enquiry of the Ministry - Would the Minister of Industry, Trade and Technology provide the answers to the following questions which arise out of the substantial loss of \$400,000 by the ODC in loan guarantees to Summerhill Press: 1. What guarantees or securities were provided by Summerhill principals that would justify a loan guarantee of this amount by the ODC; 2. What activities were undertaken by the ODC to monitor their investment (loan guarantee) with this publisher; 3. What monitoring policy does the ODC have concerning its investments in, or loan guarantees to, all businesses; 4. How does the ODC ensure that the companies it supports will utilize the funding provided to them in an ethical and professional manner. (In the case of Summerhill, for example, rights to certain books were sold unbeknownst to the authors.) 5. What amount of money was received from the sale of the Summerhill assets to Breakwater/Gilpen. Following the demise of Summerhill, were any other monies recovered by the ODC from any sources (loan guarantees by principals, etc.) to offset the \$400,000. loss; 6. On what basis did the ODC feel at liberty to sell Summerhill Press as a going concern without the benefit of an audit of both assets and liabilities; 7. Why was Price Waterhouse retained to sell Summerhill Press instead of this activity being handled directly by the ODC. What was the fee charged by Price Waterhouse for this undertaking; 8. Why did the ODC and Price Waterhouse ignore one author's written request to Price Waterhouse that the rights to his books not be sold as part of the Summerhill package. (As a result, this author has been unable to publish subsequent editions of his book and has lost a substantial amount of income); 9. Why is the author who is owed the largest amount of money in outstanding royalties being asked to "settle" his claim - i.e. to reach a compromise on the amount owed to him - when the ODC has not disputed other authors' claims put forth by the Writers' Union of Canada; 10. What has been the cost to the ODC and the Government of Ontario of the decision to sell Summerhill Press as a going concern rather than place the company in receivership; 11. What initiatives have been undertaken to prevent this type of activity (i.e. selling assets without properly auditing assets and liabilities, or investigating the consequences) from happening in the future. More specifically, in the case of failing publishers, how will authors be protected. June 29, 1992.
404. Mr Jackson - Enquiry of the Ministry - Would the Minister of Health table a list of the number of people who have gone to the rehabilitation Institute of Pittsburgh for Prader-Willi treatment by municipality, the number of days spent in the Institute, and the expense to the Ontario Health Care System in the 1990/91, 1991/92 fiscal years and the year-to-date for the 1992/93 fiscal year. **PRIVATE MEMBERS' NOTICES
OF MOTIONS**

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. April 13, 1992.

2. Mrs Sullivan - Resolution - That, in the opinion of this House, since Bills 74, 108, 109 and 110 are complex, inter-related pieces of legislation, whose principles are broadly supported and since representatives of health care professionals and practitioners, consumer organizations and agencies, and advocacy groups have advanced reasoned, serious and objective criticisms of these Bills, and put forward proposals for their improvement and practicable implementation and since this government has put forward no proposals for amendments to the Bills in a public forum and provided no commitments regarding consultation on review of any amendments; the Government should:
 - 1) withdraw these Bills from active legislative consideration and that they only be considered as draft Bills;
 - 2) that the Bills be reprinted with the government's proposed amendments;
 - 3) that the redrafted Bills be circulated for public analysis and comment during the spring, 1992 session of this House;
 - 4) that a renewed period of public hearings on the redrafted Bills be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession;
 - 5) that clause by clause consideration of the redrafted Bills also be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession; and
 - 6) that the Bills proceed to Committee of the Whole House in the autumn, 1992 session. April 13, 1992.

5. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. April 21, 1992.

14. Mr Tilson - Resolution - That, in the opinion of this House, recognizing that Bill 143 limits waste disposal options for Greater Toronto Area (GTA) municipalities, and the residents of Town of Caledon, in the Regional Municipality of Peel, have been unfairly burdened with fifteen potential sites, many on prime agricultural land, and given willing host communities outside the GTA cannot have any sites considered during the environmental assessment process, and given the town of Kirkland Lake recently conducted a municipal referendum which voted 69% in favour of an environmental assessment on the former Adams Mine as a possible site for GTA garbage, the government should immediately repeal Bill 143 and institute a process which guarantees all citizens of Ontario a full environmental assessment and consideration of all options for GTA waste disposal. June 15, 1992.

15. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that,
 - the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and
 - the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and
 - the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. June 15, 1992.

16. Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice. June 17, 1992.

17. Mr Carr - Resolution - That, in the opinion of this House, since the government intends to legalize casinos and is considering other forms of gambling in the province, and since studies have been done which indicate that where casinos are found, they are inseparable from organized criminal activities, and since most forms of gambling end up being a tax on those least able to pay and gambling produces in many people a terrible addiction, the Government of Ontario should cut expenditures rather than attempt to increase revenues through expanded lotteries and further, they should stop looking to casinos and other forms of gambling as a "quick-fix" solution to pay down the deficit and reverse their decision to proceed with legislation to legalize casinos and other forms of gambling. June 25, 1992.
 18. Mr Harris - Resolution - That, in the opinion of this House, recognizing that the national flag of Canada represents values that unite all Canadians; and acknowledging the fact that Canadians deplore any desecration of the national flag of Canada, and that the desecration of the provincial flag is equally repugnant; the Legislative Assembly of Ontario should support Bill C-227 (an Act of the Parliament of Canada to amend the criminal code, making it a criminal offence to physically desecrate the national flag of Canada); and, that the Assembly should seek to have this Act amended to include the Ontario flag as well. June 29, 1992.

Ballot Item Number 19 - To be debated Thursday, July 16, 1992.

Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice.

PRIVATE MEMBERS' NOTICES OF MOTIONS

AVIS DE MOTIONS DES DÉPUTÉS

1. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. April 13, 1992.

2. Mrs Sullivan - Resolution - That, in the opinion of this House, since Bills 74, 108, 109 and 110 are complex, inter-related pieces of legislation, whose principles are broadly supported and since representatives of health care professionals and practitioners, consumer organizations and agencies, and advocacy groups have advanced reasoned, serious and objective criticisms of these Bills, and put forward proposals for their improvement and practicable implementation and since this government has put forward no proposals for amendments to the Bills in a public forum and provided no commitments regarding consultation on review of any amendments; the Government should:
 - 1) withdraw these Bills from active legislative consideration and that they only be considered as draft Bills;
 - 2) that the Bills be reprinted with the government's proposed amendments;
 - 3) that the redrafted Bills be circulated for public analysis and comment during the spring, 1992 session of this House;
 - 4) that a renewed period of public hearings on the redrafted Bills be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession;
 - 5) that clause by clause consideration of the redrafted Bills also be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession; and
 - 6) that the Bills proceed to Committee of the Whole House in the autumn, 1992 session. April 13, 1992.

5. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. April 21, 1992.

14. Mr Tilson - Resolution - That, in the opinion of this House, recognizing that Bill 143 limits waste disposal options for Greater Toronto Area (GTA) municipalities, and the residents of Town of Caledon, in the Regional Municipality of Peel, have been unfairly burdened with fifteen potential sites, many on prime agricultural land, and given willing host communities outside the GTA cannot have any sites considered during the environmental assessment process, and given the town of Kirkland Lake recently conducted a municipal referendum which voted 69% in favour of an environmental assessment on the former Adams Mine as a possible site for GTA garbage, the government should immediately repeal Bill 143 and institute a process which guarantees all citizens of Ontario a full environmental assessment and consideration of all options for GTA waste disposal. June 15, 1992.

15. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that,
 - the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and
 - the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and
 - the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. June 15, 1992.

16. Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice. June 17, 1992.

17. Mr Carr - Resolution - That, in the opinion of this House, since the government intends to legalize casinos and is considering other forms of gambling in the province, and since studies have been done which indicate that where casinos are found, they are inseparable from organized criminal activities, and since most forms of gambling end up being a tax on those least able to pay and gambling produces in many people a terrible addiction, the Government of Ontario should cut expenditures rather than attempt to increase revenues through expanded lotteries and further, they should stop looking to casinos and other forms of gambling as a "quick-fix" solution to pay down the deficit and reverse their decision to proceed with legislation to legalize casinos and other forms of gambling. June 25, 1992.

18. Mr Harris - Resolution - That, in the opinion of this House, recognizing that the national flag of Canada represents values that unite all Canadians; and acknowledging the fact that Canadians deplore any desecration of the national flag of Canada, and that the desecration of the provincial flag is equally repugnant; the Legislative Assembly of Ontario should support Bill C-227 (an Act of the Parliament of Canada to amend the criminal code, making it a criminal offence to physically desecrate the national flag of Canada); and, that the Assembly should seek to have this Act amended to include the Ontario flag as well. June 29, 1992.

19. Mr Beer - Resolution - That, in the opinion of this House, recognizing that,
 - the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and
 - the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and
 - the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. July 14, 1992.

20. Mr Sutherland - Resolution - That, in the opinion of this House, all Regional, County, District, City, and Town Governments with a population over 10 000 should be required to develop purchasing policies by January 1, 1994 that include the use of recycled materials, and that each purchasing policy include the following: (1) that all tendering documents indicate that preference will be given to bids that use recycled material, (2) that all advertising for contracts will indicate that preference will be given to bids that use recycled materials, (3) that in selecting the supplier of the contracts, the municipality may consider an allowance in the bid price for those products that have 50% recycled material. Ballot Item Number 19 - To be debated Thursday, July 16, 1992.

Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice.

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. April 13, 1992.

2. Mrs Sullivan - Resolution - That, in the opinion of this House, since Bills 74, 108, 109 and 110 are complex, inter-related pieces of legislation, whose principles are broadly supported and since representatives of health care professionals and practitioners, consumer organizations and agencies, and advocacy groups have advanced reasoned, serious and objective criticisms of these Bills, and put forward proposals for their improvement and practicable implementation and since this government has put forward no proposals for amendments to the Bills in a public forum and provided no commitments regarding consultation on review of any amendments; the Government should:
 - 1) withdraw these Bills from active legislative consideration and that they only be considered as draft Bills;
 - 2) that the Bills be reprinted with the government's proposed amendments;
 - 3) that the redrafted Bills be circulated for public analysis and comment during the spring, 1992 session of this House;
 - 4) that a renewed period of public hearings on the redrafted Bills be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession;
 - 5) that clause by clause consideration of the redrafted Bills also be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession; and
 - 6) that the Bills proceed to Committee of the Whole House in the autumn, 1992 session. April 13, 1992.

5. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. April 21, 1992.

14. Mr Tilson - Resolution - That, in the opinion of this House, recognizing that Bill 143 limits waste disposal options for Greater Toronto Area (GTA) municipalities, and the residents of Town of Caledon, in the Regional Municipality of Peel, have been unfairly burdened with fifteen potential sites, many on prime agricultural land, and given willing host communities outside the GTA cannot have any sites considered during the environmental assessment process, and given the town of Kirkland Lake recently conducted a municipal referendum which voted 69% in favour of an environmental assessment on the former Adams Mine as a possible site for GTA garbage, the government should immediately repeal Bill 143 and institute a process which guarantees all citizens of Ontario a full environmental assessment and consideration of all options for GTA waste disposal. June 15, 1992.

15. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that,
 - the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and
 - the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and
 - the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. June 15, 1992.

16. Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice. June 17, 1992.

17. Mr Carr - Resolution - That, in the opinion of this House, since the government intends to legalize casinos and is considering other forms of gambling in the province, and since studies have been done which indicate that where casinos are found, they are inseparable from organized criminal activities, and since most forms of gambling end up being a tax on those least able to pay and gambling produces in many people a terrible addiction, the Government of Ontario should cut expenditures rather than attempt to increase revenues through expanded lotteries and further, they should stop looking to casinos and other forms of gambling as a "quick-fix" solution to pay down the deficit and reverse their decision to proceed with legislation to legalize casinos and other forms of gambling. June 25, 1992.

18. Mr Harris - Resolution - That, in the opinion of this House, recognizing that the national flag of Canada represents values that unite all Canadians; and acknowledging the fact that Canadians deplore any desecration of the national flag of Canada, and that the desecration of the provincial flag is equally repugnant; the Legislative Assembly of Ontario should support Bill C-227 (an Act of the Parliament of Canada to amend the criminal code, making it a criminal offence to physically desecrate the national flag of Canada); and, that the Assembly should seek to have this Act amended to include the Ontario flag as well. June 29, 1992.

19. Mr Beer - Resolution - That, in the opinion of this House, recognizing that,
 - the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and
 - the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and
 - the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. July 14, 1992.

20. Mr Sutherland - Resolution - That, in the opinion of this House, all Regional, County, District, City, and Town Governments with a population over 10 000 should be required to develop purchasing policies by January 1, 1994 that include the use of recycled materials, and that each purchasing policy include the following: (1) that all tendering documents indicate that preference will be given to bids that use recycled material, (2) that all advertising for contracts will indicate that preference will be given to bids that use recycled materials, (3) that in selecting the supplier of the contracts, the municipality may consider an allowance in the bid price for those products that have 50% recycled material. July 14, 1992.

Ballot Item Number 19 - To be debated today.

Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice.

Ballot Item Number 20 - To be debated today.

Mr Beer - Resolution - That, in the opinion of this House, recognizing that,

- the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and
- the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists.

Ballot Item Number 22.

Mr Sutherland - Resolution - That, in the opinion of this House, all Regional, County, District, City, and Town Governments with a population over 10 000 should be required to develop purchasing policies by January 1, 1994 that include the use of recycled materials, and that each purchasing policy include the following: (1) that all tendering documents indicate that preference will be given to bids that use recycled material, (2) that all advertising for contracts will indicate that preference will be given to bids that use recycled materials, (3) that in selecting the supplier of the contracts, the municipality may consider an allowance in the bid price for those products that have 50% recycled material.

OF MOTIONS**

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. April 13, 1992.

2. Mrs Sullivan - Resolution - That, in the opinion of this House, since Bills 74, 108, 109 and 110 are complex, inter-related pieces of legislation, whose principles are broadly supported and since representatives of health care professionals and practitioners, consumer organizations and agencies, and advocacy groups have advanced reasoned, serious and objective criticisms of these Bills, and put forward proposals for their improvement and practicable implementation and since this government has put forward no proposals for amendments to the Bills in a public forum and provided no commitments regarding consultation on review of any amendments; the Government should:
 - 1) withdraw these Bills from active legislative consideration and that they only be considered as draft Bills;
 - 2) that the Bills be reprinted with the government's proposed amendments;
 - 3) that the redrafted Bills be circulated for public analysis and comment during the spring, 1992 session of this House;
 - 4) that a renewed period of public hearings on the redrafted Bills be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession;
 - 5) that clause by clause consideration of the redrafted Bills also be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession; and
 - 6) that the Bills proceed to Committee of the Whole House in the autumn, 1992 session. April 13, 1992.

5. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. April 21, 1992.

14. Mr Tilson - Resolution - That, in the opinion of this House, recognizing that Bill 143 limits waste disposal options for Greater Toronto Area (GTA) municipalities, and the residents of Town of Caledon, in the Regional Municipality of Peel, have been unfairly burdened with fifteen potential sites, many on prime agricultural land, and given willing host communities outside the GTA cannot have any sites considered during the environmental assessment process, and given the town of Kirkland Lake recently conducted a municipal referendum which voted 69% in favour of an environmental assessment on the former Adams Mine as a possible site for GTA garbage, the government should immediately repeal Bill 143 and institute a process which guarantees all citizens of Ontario a full environmental assessment and consideration of all options for GTA waste disposal. June 15, 1992.
15. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that,
 - the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and
 - the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and
 - the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists. June 15, 1992.
16. Debated July 16, 1992.
17. Mr Carr - Resolution - That, in the opinion of this House, since the government intends to legalize casinos and is considering other forms of gambling in the province, and since studies have been done which indicate that where casinos are found, they are inseparable from organized criminal activities, and since most forms of gambling end up being a tax on those least able to pay and gambling produces in many people a terrible addiction, the Government of Ontario should cut expenditures rather than attempt to increase revenues through expanded lotteries and further, they should stop looking to casinos and other forms of gambling as a "quick-fix" solution to pay down the deficit and reverse their decision to proceed with legislation to legalize casinos and other forms of gambling. June 25, 1992.

18. Mr Harris - Resolution - That, in the opinion of this House, recognizing that the national flag of Canada represents values that unite all Canadians; and acknowledging the fact that Canadians deplore any desecration of the national flag of Canada, and that the desecration of the provincial flag is equally repugnant; the Legislative Assembly of Ontario should support Bill C-227 (an Act of the Parliament of Canada to amend the criminal code, making it a criminal offence to physically desecrate the national flag of Canada); and, that the Assembly should seek to have this Act amended to include the Ontario flag as well. June 29, 1992.
 19. Debated July 16, 1992.
 20. Mr Sutherland - Resolution - That, in the opinion of this House, all Regional, County, District, City, and Town Governments with a population over 10 000 should be required to develop purchasing policies by January 1, 1994 that include the use of recycled materials, and that each purchasing policy include the following: (1) that all tendering documents indicate that preference will be given to bids that use recycled material, (2) that all advertising for contracts will indicate that preference will be given to bids that use recycled materials, (3) that in selecting the supplier of the contracts, the municipality may consider an allowance in the bid price for those products that have 50% recycled material. July 14, 1992.
 21. Mr Villeneuve - Resolution - That, in the opinion of this House, when the next Commission for the purpose of a redistribution of Ontario Electoral Districts is established, the Commission should be instructed to take into consideration the varying conditions, circumstances and requirements regarding representation as between rural and urban electoral districts, and the increase in area of rural ridings after the redistributions of the 1970's and 1980's, with the intention of creating three classifications of constituencies - urban, urban-rural, and rural, so as to limit the area of rural ridings, and to a lesser degree that of urban-rural ridings, - as well as the number of organized municipalities which members must represent. July 16, 1992.
